Michael J. McKittrick

In your highly regulated and specialized industry, attorneys are most valuable to you if they understand the unique goals and challenges you face. We do. Danna McKittrick's Health Care Team is qualified and experienced in the intricacies of health care law.

Our focus is providing strategic business advice and legal representation to physicians, nurses, group practices, therapists, nursing homes, retirement centers, ancillary service providers, and those who supply goods to the medical industry.

Our counsel and innovative solutions help you operate your business, manage your personnel, and comply with the extensive regulations imposed upon your industry.

We provide advice and assistance necessary to address employment issues and disputes. Our attorneys are well versed in the intricacies of regulations that require careful planning at all stages of the health care industry including: Stark I, II, and III, HIPAA, Anti-Kickback, state whistleblower laws, the Affordable Care Act, and OSHA regulations as related to physician practices.

For health care experience and solutions, look to the committed and responsive attorneys at Danna McKittrick.
